

CALLING ALL HEART HEROES!!!

We just kicked off Holbrook Elementary's Kids Heart Challenge program and we're ready to be heart heroes!

Be sure to check out the [Holbrook Elementary KHC Website](#) or download the Kids Heart Challenge app through Google Play or the App Store and get registered to earn a FREE Heart Hero wristband! Then scan the wristband to bring Finn to life!

Heart Disease is the number one killer in America – but it's also 80% preventable! By participating in Kids Heart Challenge, your student is investing in their own health!

When we hit our goal to raise \$2,500 toward the fight against heart disease, we will get to turn our coaches into a human sundae!

BONUS: Every student who raises \$150 before 11/9/18 will receive a Finn Plush!
